

PRESS RELEASE – FRIDAY 5 SEPTEMBER 2025

**AUSTRALIA UNITES AGAINST GOVERNMENT CORRUPTION
MARCH AND RALLY**

**Midday 13 SEPT 2025 from Bradfield Park, Milsons Point,
across the Harbour Bridge to Hyde Park**

On **Saturday 13 September 2025**, Australians across the nation will gather and **march under the Australia Unites banner** to send a clear message to government: start paying attention to the real, everyday needs of Australians.

Australians are suffering under declining quality of life, worsening health outcomes, shrinking future prospects, and mounting financial pressures. Communities are struggling with increasing societal violence and division. From housing and food security to jobs, taxation, regulation, and a cleaner environment that serves people—not corporations—**Australians are demanding their leaders put people first.**

In Sydney, people will gather at Bradfield Park, Milsons Point from 11:00am. **At midday, we will walk across the Harbour Bridge, through the city to Hyde Park**, where speakers will share their views and ideas for positive change, reflecting a broad range of Australian voices and concerns.

Millions March has organised events around Australia since 2019, including some of the country's largest rallies in Sydney (November 2021) and Canberra (early 2022). Our rallies are always peaceful, family-friendly, and police-approved, and **we welcome anyone who has an interest or concern about the state of life in Australia in 2025.**

We equally welcome **members of the media**, and we invite you to report our rally accurately and fairly. Please **avoid inflammatory and defamatory terms** such as '*anti-vaxxer*,' '*conspiracy theorist*,' '*sovereign citizen*,' '*extremist*,' and '*dangerous*'. We are everyday Australians standing for accountability, fairness, and the needs of our communities.
